BFuel Canada Corp. is pleased to announce that it has chosen Western Sky Management Associates of Red Deer Alberta as project managers for its BFuel Chin biodiesel project. Western Sky will provide a vital role in the management and commercialization of the Lethbridge biodiesel plant and brings years of bioenergy experience to the project.

Western Sky Management Associates, headed by Tim Keating and Trev Ruberry. Tim Keating was previously the Senior Development Officer for the *Bio-Industrial Development Branch and Agri-Food Investment Division* for Alberta Agriculture, Trev Ruberry previously helped develop and implement Alberta's Rural Development Strategy
